

# GENUINE WARRANTY SOLUTIONS

P.O. Box 123 • Avondale, AZ 85323-0123 • www.genuinewarranty.com

## Genuine Protection Plan Application

Obligor and Administrator (Provider) is Genuine Warranty Solutions Inc.  
The Motor Vehicle Service Contract is underwritten by American Capital Underwriting, Ltd.  
95 Wilton Road, Suite 3, London, England, SW1V-1BZ

This document is an Application for a Marine Service Contract for our Genuine Protection Plan. If this application is accepted by the administrator, then it will become your contract. The terms and conditions for the contract are on the following pages. **For questions or claims please call us at 800-581-0312.**

Holder, whose signature appears below, acknowledges that the information contained above is true and you agree to maintain the covered vessel in accordance with the manufacturers and the contracts periodic maintenance requirements and keep all receipts of current and previous service of the vessel. You agree to abide by the terms and conditions of the contract, and agree that authorization must be made before any repairs are guaranteed under this contract, and to the arbitration clause which is final and binding. A service contract is not required to obtain financing.

**Genuine Warranty Solutions Inc.** ("Provider" or "Administrator") agrees, in consideration of full payment, subject to the contracts provisions, that it will pay the reasonable cost to remedy any total failure of a Covered Component for the time or mileage, whichever comes first, as indicated on the contract application, for the vessel and owner indicated on the contract application. This contract starts on the date that the owner of the vessel ("Holder" or "Customer") signs the application or when the manufacturers warranty expires. To make a claim, safely take your vessel to an authorized or reputable service center and instruct them to call 800-581-0312. We will verify coverage, verify the breakdown, and authorize repair of Covered Components. Claim payments are through corporate debit or credit card, direct billing, or customer reimbursement. Holder is responsible for paying a deductible chosen on the application page per repair. Only items listed specifically as "Covered Components" are covered.

### Genuine Protection Plan (GPP) Covered Components & Covered Assistance Service

**Engine:** All internal lubricated parts contained within the block to include pistons, piston rings, pins, connecting rods, rod and main bearings, crankshaft, camshaft and bearings, followers/lifters, push rods, rocker arms, rocker shafts and bushings, rocker arm cover(s), oil pump and pickup, oil pan, engine mounts, flywheel and ring gear, balance shaft(s), valves, valve guides and seats, valve springs and retainers, cylinder heads, cylinder barrels, intake manifolds if damaged by a covered component.

**Lower Unit:** Internally lubricated parts contained within the gear case including forward and reverse gears, pinion gears, clutch dog and dog pin, cam follower, prop shaft, driveshaft, bearing and bearing carriers, gear case if damaged by a covered component.

**Transmission:** Internal lubricated parts contained within the transmission housing. Clutch plates and clutch drums, thrust plates, planetary gears, shift bands, reduction gears and bearings, shafts, bearings, hydraulic pump, hydraulic pistons, valve body, transmission mounts, oil pan.

**Lubricating System:** Complete oil injection system including oil pump, oil injection driveshaft and gear, oil tank reservoir, oil lines, and level sensor.

**Steering:** Control helm assembly, control rack and yoke assembly, power steering pump, power steering cylinder, steering main and intermediate shaft, U-joint, wheel hub mount, steering gate, nozzle or rudder, hydraulic steering head, hydraulic cylinders and flow valves. No coverage for cables or pulleys.

**Jet Outboard Drive:** Internal lubricated parts contained within the pump housing. Driveshaft, shaft bearings, shaft coupler and flex disc, mounts. Jet impellers and liner are not covered.

**Pump Drive System:** Internal lubricated parts contained within the pump housing. Jet impellers and liner are not covered.

**Controls:** Shift and throttle control box parts to include: Cams, shafts, pivots, bushings, housing, control arms/levers or knobs, engine mounted shift control cable and throttle control cable. Neutral switch, starter/stop switch (excluding key/lock), horn button.

**Power Trim:** Trim and/or tilt motor, trim cylinders, cylinder mounts and pivots, trim motor actuator solenoids, control valves, reverse leak valve, trim and/or tilt wiring harnesses, trim and/or tilt master control switches, manual trim cylinder and manual trim cable.

**Fuel Delivery:** Fuel delivery pump (mechanical/diaphragm), carburetor body, air box (silencer/flame arrestor), and electric choke solenoid.

**Electrical:** Alternator, starter, starter solenoid, voltage regulator/rectifier, terminal blocks, starter switch, and windshield wiper motor.

**Ignition:** Power pack/switch box, ignition coil, ignition amplifier/module, ignition trigger and pickup sensor, ignition switch, and rev limiter.

**EFI/DFI Engine Management System:** Fuel injectors, fuel distribution(s), fuel injection pump, fuel delivery pump, ECU (Electronic Control Unit), throttle position sensor, idle speed control, air flow sensor, detonation sensor, coolant sensor, and ignition pickup sensor.

**Seals and Gaskets:** Are covered in conjunction with the mechanical failure of covered components.

**Towing Assistance:** If while in water, towing becomes necessary due to the breakdown of a covered component, we will pay up to \$225 for tow.

**Noise/Lift Out Assistance:** Should it become necessary to hoist/lift out the covered boat due to the failure of a covered component, charges will be covered up to \$200 on boats larger than 26' in length.

#### Optional Packages Covered Components

**Fisherman Package (F) Covered Components:** Battery main switch, battery isolator, battery selector switch, battery box, fuse block, volt meter, battery charger, electric horn. Electric trolling motor and the foot control unit and control switches (applies to one unit only). Power transom/manual transom lift motor, its slides, jack screws, hydraulic cylinder, and control panel. Anchor, its winch and guide (excludes rope, cable or chain). Fish finder, its transducer, speed and temperature sensors. Digital depth finder readout and sensor. Lake water temperature gauge and sensor (hull mounted only). Compass head including digital display. Speedometer head, speed log, and cable.

**Luxury Cruiser Package (S) Covered Components:** **Auxiliary Powerplant/Generator Components:** All internal lubricated parts of the powerplant engine, its starter motor and switch, power inverter/converter. **Air Conditioning/Heat Exchange System Components:** Compressor, evaporator, capacitors, relays, thermostats, fan motors, control panel, expansion valve, temperature control programmer, receiver dryer, and heating element. **Fresh Water System Components:** Water pump, compressor, fresh water tank, water lines, traps, fittings, faucets. **Hot Water System Components:** Thermostat, relays, water heater unit. **Waste System Components:** Shower, toilets, sinks, fixtures and traps, and connections. **Appliances:** Range/cook top, oven, microwave, refrigerator, icemaker, trash compactor, central vacuum system. **12 Volt/24 Volt/110 Volt Shore Power Components:** Battery charger, converter, onboard receptacle, shower power main switch, circuit panel and circuit breakers (shower power cables excluded). **Electrical Components:** Battery main switch, battery isolator, battery selector switch, remote spotlight, bow, marker and running light assemblies (light bulbs are excluded), control panel and switches. **Dual Station/Tower Control Components:** Helm control, throttle speed control box, speedometer head, tachometer head, speed log and speed sensor. **Gauges:** Voltmeter, fuel gauge, trim position gauge, oil pressure gauge, water pressure gauge, engine water temperature gauge and depth gauge. **Bilge Components:** Pump, manual control panel, bilge blower and sensor (shutter), control switches. **Anchor Control System:** Winch, electric windless motor, bow pulpit guide and switches.

**Supercruiser Fisherman Package (SF) Covered Components:** Includes all items from coverage (F) and (S) above.

**Navigation Package (N) Covered Components:** GPS receiver, GPS processing unit, antenna, video display screens, controls and switches.

#### Additional Conditions of Coverage

This contract is not valid until Provider receives full payment and has approved the application and contract. We will mail Holder a certificate of coverage with their service contract number indicating the start date of coverage. Authorization must be made prior to guaranteeing payment for a claim. Service may be denied for pre-existing conditions as reasonably determined by the Provider based upon the reasonable reliance of the time and mileage on the vessel and results of a claim inspection. Holder agrees to maintain the vessel as the manufacturer recommends and to hold all service records for the vessel for proof of maintenance. No claims are covered if any misrepresentation was made on any claim, inspection, or application for the service contract. If Holder currently has a warranty on this vessel from the factory or aftermarket, that warranty is responsible in whole for any claims. Prior to making any claim, a required inspection must be completed and then approved by Provider. No claims will be paid until this inspection has been completed and approved. Coverage is void on any commercial vessel or rental vessel. Non-original parts may be used for repairs to comply with the terms of this contract.

Provider's total liability for this contract's life shall not exceed the actual cash value of the vessel as determined by Provider, and each claim's liability is limited only to the actual value of the claim. Coverage void where prohibited by law, and additional state provisions may apply. Jurisdiction for this service contract and any disputes that arise is in Clark County, Nevada. This contract will terminate when the year or mileage limitation has been reached on the contract, whichever comes first, or when the covered vessel in this contract has been sold unless it is transferred to the new owner. To transfer this contract to a new owner, within seven days of the vessel sale, mail a certified letter to us stating the new owner's name, address, telephone number, and the odometer reading along with a \$100 administrative fee. Transfers may only occur once. This contract is backed by the full faith and credit of the Provider. This contract may be renewed, permitting that the price paid for renewal is the current pricing on the service agreement at the time of renewal.

**Non-Covered Components and Non-Covered Failures:** Only those items under "Covered Components" are covered. The following reasons of a breakdown are not covered, even for covered components: Incidental or consequential damage or loss caused by a breakdown of covered components including property damage, physical damage, death, personal injury, inconvenience, loss of use or time, loss of profits or wages, travel expenses, commercial loss, punitive or exemplary damage, attorney fees. Repairs covered under the original manufacturer's warranty, regardless of if it is still in business. Losses covered under a manufacturer's recall, factory notice or update program, or if the vessel is covered under another service agreement, guarantee, or policy. Repairs required due to collision, impact, grounding, abuse, neglect, negligence, misuse, modification, alteration, explosion, vandalism, riot, upset, windstorm, environmental damage, debris, bellows and/or sealing boot rupture, animal/insect damage, aquatic growth, seaweed, algae, barnacles or zebra mussels, salt, sand, dirt, flooding, condensation, mold, lightning, hail, theft, fraud, tire, war, acts of God, or loss that is normally covered by Casualty Insurance. Vessels used in racing, competition, or commercial/business use. Breakdowns resulting from chemicals, smoke, soot, sludge, carbon or "coking", corrosion, rust, electrolysis freezing, contamination, overheating, or operation of the vessel without the proper levels of lubrication or fluid type. Failure to perform the manufacturer's recommended maintenance. Excessive oil consumption, loss of compression and the gradual reduction in covered components due to normal wear and tear. Damage caused by continuing to operate the vessel while components have already failed. Any failure resulting from submersion or ingestion of water entering the engine through the air induction system or exhaust system including the failure of exhaust flapper valves, cracked or corroded manifolds or risers. Loss caused by external water inlets or outlets and internal water passages being restricted or motor/drive mounted too high. Service adjustments and cleaning, reverse polarity, reprogramming, refrigerant, coolant, lubricants, fluids, misc charges, shop supplies, hazardous waste removal charges, belts or hoses. Seals or gaskets due to seepage or overheating. Any claim not authorized in advance by Genuine Warranty Solutions. Removal or replacement of bulkheads, deck, hull, gear equipment, or any material for the necessary access to the vessel/engine. Non-factory installed components and items not originally on the vessel at the time it was sold new.

You may cancel this contract in the first 30 days for a full refund, as long as no claims have been made. If this contract is returned, we will refund the purchase price within 45 days, and if we fail to refund you within 45 days we will pay you a penalty of 10 percent of the purchase price for each 30-day period that the refund remains unpaid. No cancellation of a service contract may become effective until at least 15 days after the notice of cancellation is mailed to the Holder. No service contract that has been in effect for at least 70 days may be cancelled by the Provider before the expiration of the agreed term or 1 year after the effective date of the service contract, whichever occurs first, except on any of the following grounds:

- (a) Failure by the Holder to pay an amount when due;
- (b) Conviction of the Holder of a crime which results in an increase in the service required under the service contract;
- (c) Discovery of fraud or material misrepresentation by the Holder in obtaining the service contract, or in presenting a claim for service thereunder;
- (d) Discovery of: (1) An act or omission by the Holder; or (2) A violation by the Holder of any condition of the service contract, which occurred after the effective date of the service contract and which substantially and materially increases the service required under the service contract; or
- (e) A material change in the nature or extent of the required service or repair which occurs after the effective date of the service contract and which causes the required service or repair to be substantially and materially increased beyond that contemplated at the time that the service contract was issued or sold.

This Agreement shall be construed in accordance with and governed by the laws of the State of Arizona, without giving effect to conflict of law principles. In the event of any dispute, claim, question, or disagreement arising from or relating to this agreement or the breach thereof, the parties hereto shall use their best efforts to settle the dispute, claim, question, or disagreement. To this effect, they shall consult and negotiate with each other in good faith and, recognizing their mutual interests, attempt to reach a just and equitable solution satisfactory to both parties. If they do not reach such solution within a period of 60 days, then, upon notice by either party to the other, all disputes, claims, questions, or differences shall be finally settled by arbitration administered by the Better Business Bureau in accordance with the provisions of its Commercial Arbitration Rules. Holder agrees that the maximum amount of damages the Holder may recover is limited to the premium paid to the Provider for this contract.
